## Sunport Display

POC: Pat Verrelle

**Display dates: June 1 -30, 2021**

Here are the general details for ALL guild representatives regarding the Sunport Display June 2021.  
Please convey to your members:

- As your guild's Education Committee representative, you should arrange to collect your guild's items for the display and deliver them to me by mid-May. I have set the afternoons, **2-5 pm, May 15 & 16 (Saturday & Sunday) for drop-off at my house without appointment. Address is 716 Cagua Drive, SE, Albuquerque, 87108** (note this is 'SE'). I will plan to be home. If you need to schedule a different date and time, let me know privately to schedule a special appointment. *Of course, masks and social distancing!*
- The expectation is that the guild rep would pick up and drop off items to me, but occasionally exceptions must be made, hence all the ownership detail.
- Please ensure that each person to clearly labels their piece with name, phone & email contact plus guild name (e.g. pin to reverse or bottom of item). If a hanger, head model, mannequin or stand is provided, label it separately. Any storage/travel container will be kept at my house during the exhibit and the items returned to you w/ containers. The labeling is for your benefit and mine so that all items return to the proper homes. The display cases are locked once the exhibit is set up.

- We do want at least one, preferably 2-4 items, from each guild; we may have room for more. We have the use of all three display cases in the corridor between the airport main terminal and the parking garage. We will use a general theme of "Fantasy", but this theme is simply to assist your guild members in selecting their respective items for display. We encourage all items in good taste.
- The set up date is June 1<sup>st</sup>. The committee organizing the display need to know what items we have before set-up so that the display can be choreographed and curated. In the past, we have combined items such as one person's jacket, another's hat and another's necklace on a mannequin to create a unified display item. Quilts, afghans and other large items make great backdrops to coordinate a cluster of display items. Small items can be displayed on small table. *Of course, masks and social distancing!*
- Tear down will be June 30<sup>th</sup>. **Reps can plan to pick up their guild members' display items July 1, 2 and 3 between 2-4 pm or by special appointment from my house.** Items will NOT be removed from the display during June. *Of course, masks and social distancing!*
- Several more of you have volunteered to help with set-up or tear-down. Thanks! I will be contacting you separately.
- Incidentally, we plan another display at the Sunport for February 2022 to publicize the Fiesta.
